

Product: IDROIL WS

General characteristics: Blend of ester and synthetic oil

Chemical nature:

pH in 10% solution:	6 – 7
Active material	45 ± 1%
Chrome stability	Scarce
Electrolyte stability	Good
Light fastness	Excellent
Solubility in water:	Easily soluble
Charge:	Anionic
Appearance:	Amber dense liquid

Fields of use: Waterproof articles and any article where softness and fullness is requested

Properties:

IDROIL WS is a waterproof fatliquor to be apply in waterproof formulation.

We suggest to use IDROIL WS in neutralization and in the last float as main fatliquor. We suggest to give 3% Chrome 33 as final product to increase the waterproof effect.

IDROIL WS gives a uniform MAESER and BALLY test from belly to neck to bat part of leather.

IDROIL WS can be used also for standard articles such as softy nappa to increase the fullness and softness in combination with no waterproof oil.
